What I did in this program was interesting.					
I think I will remember the things I learned in this program about crayfish and freshwater ecosystems.					
I see some things differently because of this project.					
I care more about crayfish and freshwater ecosystems than I did before.					
I can see the connection between this program and the other things I am learning in school.					
I might volunteer to help improve wildlife habitat and/or water quality.					
I might like to enter a career in science, natural resources, and/or conservation because of what I have been doing.
